# GURI

ANDER  
LIZASO

Chair

GURI

Ander Lizaso

Con una carcasa que envuelve y una silueta que alberga formas sinuosas en su interior, Guri nace de la búsqueda de la suavidad, tanto a nivel visual como ergonómico. Una búsqueda que se ha llevado al límite en el diseño, definiéndola en un único trazo. Las líneas relativamente verticales de su amplio respaldo hacen referencia a un clásico, la silla Pollock.

Guri is the result of an effort to achieve softness, both visually and ergonomically. A quest that has been taken to the limit in the design, depicted in a single stroke. Featuring an enveloping shell and a silhouette that houses sinuous shapes on the inside, as well as the relatively vertical lines of its wide backrest, refer to an all-time classic: the Pollock chair.

Smoothness and  
sinuosity through design

GURI

Chair

Ander Lizaso

GURI

As subtle as a gesture,  
a glance, or a caress,  
the design of Guri makes for  
a discreet and cozy chair.

Chair

Ander Lizaso

Ander Lizaso

Ander Lizaso (Oiartzun, 1986). Realiza sus estudios de ingeniería y diseño en la Mondragon Unibertsitatea y en el Instituto Europeo de Design de Madrid. Su aproximación al diseño es honesta y crítica al mismo tiempo. Huye de algunos de los vicios clásicos del sector y trata de diseñar productos duraderos que desarrollen conexiones con el usuario.

Ander Lizaso (Oiartzun, 1986) is a Basque industrial designer. He studied engineering and design at the University of Mondragon and at the Instituto Europeo de Design in Madrid. His approach to design is honest and critical at the same time. He runs away from some of the sector's classic vices and tries to design lasting products that develop links with the user.

# Reducing our environmental impacts

From our surroundings in Usurbil, Spain, we find inspiration in every corner. This landscape is not only our home but also our identity—the place we care for and preserve, fueling our commitment to sustainability. It's in this connection with nature that our ideas are born and our developments take shape.

## EPD (Declaración medioambiental de producto) - EPD (Environmental Product Declaration)

Una EPD es una declaración ambiental certificada elaborada en conformidad con la norma internacional ISO 14025 consiste en un documento mediante el cual una empresa, de acuerdo con unos parámetros predeterminados, comunica el rendimiento ambiental del producto de forma transparente.

An EPD is a document that communicates the environmental impact of a material during its life cycle, from the raw material extraction process, transportation to the manufacturing site and the product manufacturing process.

## ISO 9001

ISO 9001 es una norma mundialmente reconocida para la gestión de la calidad. Ayuda a organizaciones de todos los tamaños y sectores a mejorar su rendimiento, cumplir las expectativas de los clientes y demostrar su compromiso con la calidad.

ISO 9001 is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance, meet customer expectations and demonstrate their commitment to quality.

## ISO 14001

La ISO 14001 es la norma líder mundial para sistemas de Gestión Ambiental. Entre los beneficios de implantar esta norma se incluyen la reducción del impacto medioambiental, la disminución de la generación de residuos y del consumo energético, y el recorte en los costes de la actividad empresarial.

ISO 14001 is the world's leading standard for environmental management systems. The benefits of implementing this standard include reducing the environmental impact, cutting down on waste generation and energy consumption, and decreasing business activity costs.

## ISO 14006

ISO 14006 es una norma Internacional que proporciona directrices para ayudar a las organizaciones a establecer, documentar, implementar, mantener y mejorar de forma continua su gestión del ecodiseño como parte de un sistema de gestión ambiental (SGA).

ISO 14006 is an international standard that provides guidelines to help organizations establish, document, implement, maintain and continuously improve their ecodesign management as part of an environmental management system (EMS).

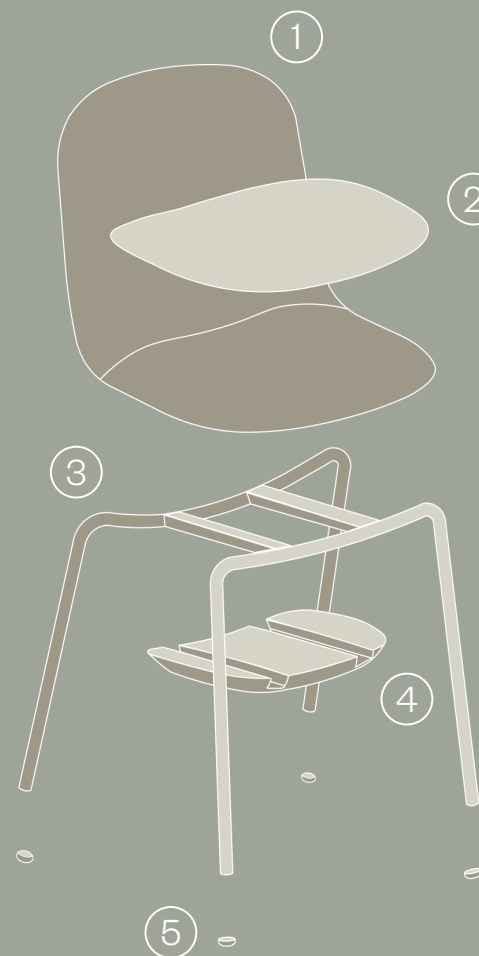

## UNE EN 16139:2013 Nivel 2 Mobiliario. Resistencia, durabilidad y seguridad - UNE EN

16139:2013 Level 2 Furniture. Strength, durability and safety

Esta norma europea especifica los requisitos de seguridad, resistencia y durabilidad de todos los tipos de asientos no domésticos destinados a ser utilizados por adultos con un peso no superior a 110 kg, incluidas las sillas de oficina para visitantes.

This European Standard specifies requirements for the safety, strength and durability of all types of non-domestic seating intended to be used by adults with a weight of not more than 110 kg, including office visitor chairs.
